There's a chair over there and a bottle on tha left
Ain't nobody playing fair ever man for themselves
When the push come to tha shove back to tha push
You against us now us against you
All the buses came in 22's when the spre whole crew
Now everybody gone run when you run I thought I seen a gun
But they fightin' in tha club
Got people doing stunts got people rolling blunts
Got people in the ring go people that have sense
You need to stay low till you get out this buildin'
Burstin' everythin' even ya enemy
Niggas swingin' pool sticks niggas throwin' pool balls
Got niggas throwin' bottles and got them throwin' them all
Don't get locked up and get out tomorrow
They fightin' in the club
It's all our fault had to go to waste 'cause all us folks
We used everthin' for all us quote they took everythin' from all us
Folks my blue shirt and they all got tore
Break pay for it we all got dough buck 'em bust buck 'em bust
They fightin' in tha club

We drugged out
(Drugged out)
So clear tha club out
(Club out)

(Drugged out)
They say they fightin' in tha club
We drugged out

Fuck them blazers that urb barlin', parkin' it's like them tennis

Bitch nigga what's up don't get fucked up we'll blow yo truck up
