

Stranger On the Road

Blackfoot

Yeah-ah I like that yell Well Im just a stranger on the open road
Always seem to find a way
It doesnt matter what you may come
Lord Im never gonna say
A livin hard and a runnin wild
Always make my claim to fame
Dont turn around cause Ill be gone Lookin back
Someones callin my name
Cant you see that there is no one to blame
Lookin back
Youre caught in the flame Well when I was young
My daddy hit your feet
Dont you ever stay in one place
Said your chances of knowin
And becoming a man
Got a big smile on your face With your head in the air
And your feet on the ground
We got a chance of stayin alive
Well because rock was just lookin me down
Said Bye, bye, bye, bye, goodbye, goodbye Ohhhh oh Lookin back
Someones callin my name
Cant you see that there is no one to blame
Lookin back
Youre caught in the flame
Well I guess your children will never know
That everything you say is doomed
Im a stange kind a fella, Lordy dont you know
I never step on anyones shoes With your head in the air
And your feet on the ground
We got a chance of stayin alive
Well take a tip from me why doncha try to be free Lawd Im just a stranger on the open road
Wooo
