

# It's Just Another New Year's Eve

**Barry Manilow**

Don't look so sad  
It's not so bad, you know  
It's just another night  
That's all it is It's not the first  
It's not the worst you know  
We've come through all the rest  
We'll get through this We've made mistakes  
But we've made good friends too  
Remember all the nights  
We spent with them? And all our plans  
Who says they can't come true?  
Tonight's another chance to start again It's just another New Year's Eve  
Another night like all the rest  
It's just another New Year's Eve  
Let's make it the best It's just another New Year's Eve  
It's just another Auld Lang Syne  
But when we're through this New Year  
You'll see, will be just fine We're not alone, we've got the world you know  
And it won't let us down, just wait and see  
And we'll grow old but think how wise we'll grow?  
There's more you know, it's only New Year's Eve It's just another New Year's Eve  
Another night like all the rest  
It's just another New Year's Eve  
Let's make it the best It's just another New Year's Eve  
It's just another Auld Lang Syne  
But when we're through this New Year  
You'll see, will be just fine Happy New Year
