Robots
I'm so electric
Can you feel me breath? (breath breath breath)
Set sail for the ocean
Baby, you and me (me me me)
Robots
I'm so electric
Can you feel me breath? (breath breath breath)
Set sail for the ocean
Baby, you and me (me me me me...)
Robots
Fill my sockets
As we're talking battery (battery battery battery)
Can't feel my emotions
Baby, I can't bleed (bleed bleed bleed)
Robots
I'm so electric
Can you feel me breath (breath breath breath)
Set sail for the ocean
Baby, you and me (me me me)
Through the darkness comes the light
Fill the ocean, fill the tide
No emotion, cannot fight
Break down the walls and comma... *glitchy*
