Intelligent Design

The New Amsterdams

Any signs of proof yet to show
We're content to be a rural joke
Tell me one thing
Is it something that we really need?It's in the lesson plan for school
Tell the teacher he's a fool
It's a theory
It's not a theory and it's not beliefLet you know about a mortal sin
(You gotta)
Tell me more about the sin I'm in
(You gotta)
You're the last thing that we really needThis is not about the end of time
(No, it's not)
This is not a moral decline
(No, it's not)
You're the last thing that we really need
