

Scott Mescudi Vs. The World

Kid Cudi

What up? How is everyone doing?
You are now in the world I am ruling
Take a minute to adjust for the wondrous
Clusterfuck of fun and enchantmentI promise you some generation next shit
Speak for the seller who I left with
Parallel levels in the dark, dark place
Tripped all you niggas to a dark, dark fateGuided you all with a smile up on my face
As the sun kisses us on the foreheads gently
Gentle with the drugs, heavy with the love
I'ma spit this on stage, watch models fill my clubNothing dims the mood except for the lateral
G4 flights, now we're off to Australia
I wanna see more of the world
These are more than just words
These are facts from a winnerThis is a journey into the horizon
You can see past, if it's real to you
We can meet on the other side
On the other side, ayThis is a journey into the horizon
You can see past, if it's real to you
We can meet on the other side
On the other sideWhat up? How is everyone feeling?
I hope you understand what you're hearing
Take a minute to roll up for the wondrous
Clusterfuck of darkness and evilI will play the yin and the yang for ya
And my jeans will be off with the love of skinnies
Upgraded, fitted into the T
Work hard, make sure I don't become a memoryHard to press on when the memories remember me
And they always find the perfect moment
High speed, I'm a minimal slum
I'm lost in the wind, I've lost all my friendsMaybe they were never meant to be acquainted
Money seems to make everything tainted
Everybody mad 'cause they stuck one less
Took what I wanted and I did it all blunted, oh ohThis is a journey into the horizon
You can see past, if it's real to you
We can meet on the other side
On the other side, ayThis is a journey into the horizon
You can see past, if it's real to you
We can meet on the other side
On the other sideThis is a journey into the horizon
You can see past, if it's real to you

We can meet on the other side
On the other side, ay This is a journey into the horizon
You can see past, if it's real to you
We can meet on the other side
On the other side
