

Jerusalem

The 69 Eyes

Going down to the Middle East
Going down to the beginning
Going down for the final feast
All the flesh is forbidden
Everybody seeks to be found
Get their sins forgiven
When you get yourself down here
Thousands of years disappearQueen of Sheba
Israelita
Take me down to your gates
Jerusalem
House of the holy
Land of the lonely
Kingdom of heaven
Jerusalem
Jerusalem
Going down to erase my sins
And for a new beginning
Going down where faith lives
And where the walls are wailing
Everybody wants the given ground
And keep their ships sailing
When you get yourself down here
Thousands of years disappearQueen of Sheba
Israelita
Take me down to your gates
Jerusalem
House of the holy
Land of the lonely
Kingdom of heaven
Jerusalem
Jerusalem
All the kings and their queens
Princes and princesses
When you get peace down here
Thousands of years disappearQueen of Sheba
Israelita
Take me down to your gates
Jerusalem

House of the holy
Land of the lonely
Kingdom of heaven
Jerusalem
Jerusalem
