

# Harmony Korine

Steven Wilson

Rain, come down, and fall forever  
Drain, the dirt, into the wasteland  
Pray, for sound, to quiet the howling Feel, no shame, too brave  
Feel, afraid, to wait forever Kneel, to fade, the day's corrosion  
Crawl, depart, towards perdition  
Gray, the part, the bruise within you Feel, no shame, too brave  
Feel, afraid, to wait forever Forever Feel, no shame, too brave  
Feel, afraid, to wait forever
