

# Is It Still Over? (feat. Carrie Underwood)

**Randy Travis**

Being without you has turned out to be so inconvenient  
And wishing I was with you just seems to use up all my time  
You been gone so long that it's hard to recall just how the dream went  
And all but this broken heart and me I guess is doing' fine  
Is it still over are we still through  
Since my phone still ain't ringing  
I assume it still ain't you  
I'll have to mind to take the time to find somebody new  
But I'm not sure that I'm still over you  
That lie that I tried to slip by you was told with good intentions  
It was just another way to say I love you and protect you from the truth  
And half a pound of cure is surely worth a half an ounce of good prevention  
And trying to explain while I'm insane is the hardest thing I've ever tried to do  
Is it still over are we still through  
Since my phone still ain't ringing  
I assume it still ain't you  
I'll have to mind to take the time to find somebody new  
But I'm not sure that I'm still over you  
Is it still over are we still through  
Since my phone still ain't ringing  
I assume it still ain't you  
I'll have to mind to take the time to find somebody new  
But I'm not sure that I'm still over you  
If I repeat myself it's 'cause I've nothing else to do  
But I'm not sure that I'm still over you
