# Everytime I Fall in Love

## Fallen Angels

Everytime I fall in love
My heart gets broken
Every girl I ever loved
Has left me crying
And everytime my heart breaks
A little bit of me dies
And when I think of how it aches
I ask myself why
Must every girl I've ever loved share her love
Oh don't they know
That if they try to share their love
It never has a chance to growI buy 'em presents try to treat 'em right
But they just walk on
Tell me Lord I'm on my knees
What am I doing wrong?
Must every girl I've ever loved
Turn out this way
Must everytime I fall in love
End in this way
Must every girl I've ever loved share her love
Oh don't they know
That if they try to share their love
It never has a chance to growOh Lord
Look what is happening to me
Help me Lord
I'm down on my knees
'cause everytime I fall in love
A little bit of me died
Everytime I fall in love
I cry
But no more will I have to cry
The last time I fell in love
The last little bit of me died
