One Blood

Def Jam Icon

Take the road on your wheelchair
Roll it out tonight
?Cause there?s only one option for us right now
One of us gotta get down
If you don?t hear my call for help
You?re in another world, boy
I?ve lost my faith in the pure
Blue skied summertime
I?ve been lying awake at night thinking
That son of a fuck dragged me down and I?m lost
Can you help me find my long way back home?
The traffic lights are even dimmer than my past
Give me a sign, some kind of religion
Allah, Buddha, I don?t care
I don?t dare to choose one sign, one heart, one feeling, one God
?Cause it?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream, it?s
Every day that goes I need more and more people around me
People I can rely to
Not those fucking sellouts I read about in the papers
Whose only hope are equally dumb consumers
I?m up on that stage, I?m up here, you?re down there
Does that make me more important, more intelligent
More likely to live that happy standard life
Your parents set you out to?
(You?re in a position most kids dream of)
I don?t know
I don?t know
(You can be as weak as the man sleeping on newspapers)
I don?t know
(You?re still set out to tell the dirty man?s story)
I don?t know
(Other people are talking and thinking about you as we speak)
But I?ve seen them out there as well
Yeah, but you don?t know them, do you?
No, but they don?t know me either

Well, they think they do, they think they do, they think they do
So what do I need to get through the day?

(One blood)
And what do I need to break on through the night?
(One heart)
What do I do to get along with these, these fools?
(One soul)
Why don?t I just go back to the steel factory
(One blood)
Or the warehouse or the railroad? Get the fuck out of here
(One blood)
Get the fuck out of music, back to the days when we had one heart
(One blood)
One brain, one soul, one God
One blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream
It?s one blood floating in the stream, it?s one
One blood
One heart
One God
One blood
One fat momma
