

Welcome Home

Ruthie Foster

When my mind didn't know how to get there
Trusted my heart, and I swear
My soul came to welcome me home
When my mind didn't know how to get there
Trusted my heart, and I swear
My soul came to welcome me home
When my mind didn't know how to get there
Trusted my heart, and I swear
My soul came to welcome me home
When my mind didn't know how to get there
Trusted my heart, and I swear
My soul came to welcome me home
I keep trying to get there
I been trying to get there
I keep trying to find my way home
I keep trying to get there
I been trying to get there
I keep trying to find my way home
Welcome
(Keep on trying to get there)
Welcome
(Keep on trying to get there)
Welcome
(Keep on trying to get there)
Welcome
(Keep on trying to get there)
Welcome
(Keep on, keep on, keep on)
(Keep on trying to get there)
Welcome, welcome
(Keep on trying to get there)
Welcome
