

# Circles

## Incubus

You saw me lost in treading water  
I looked pathetic and as helpless as a stinger without a bee  
But underneath my presentation, yeah  
I knew the walls were coming down  
And the stones that fell were aiming away from me  
Hey what would it mean to you  
To know that it'll come back around again?  
Hey whatever it means to you  
Know that everything moves in circles  
I saw you standing in my headlights blink, blink, blink  
I thought I'd run you down for the weight you left on me  
Instead I pushed rewind reversed and drove away  
And see you disappear in my rearview  
Brought to me the word reciprocity  
Hey what would it mean to you  
To know that it'll come back around again?  
Hey whatever it means to you  
Know that everything moves in circles  
Round and round we go  
We could know it'd end so well  
We fall on and we fall off  
Existential carouse spin  
Hey what would it mean to you  
To know that it'll come back around again?  
Hey whatever it means to you  
Know that everything moves in circles  
Everything moves in circles  
Round and round and  
Round and round and  
Round and round and  
Round and round
