Payback

Backyard Babies

C'mon and let my lips do the talkin'
Let my creepers do the walkin'
Let my the fingers do the shivering
'til...Mah!Body starts achin'
And your hips start shakin'
While I'm sippin' Bloody Mary
Cause that Mary fuckin' scares meHey! Wow!Well I've heard that a million times
But now it's payback time
Cause I've heard that a million times
But now it's payback timeWell I'm stranded by the standard
And my ego has just landed
Now the document's been handed
To...MaahSupervisor Criticizor
A&R's & Moviestars
Managers & editors
Yes or no?
But hey! Of course!Hey! Wow!Well I've heard that a million times
But now it's payback time
Cause I've heard that a million times
But now it's payback timeNo I don't need no invitation
All I needed was a little patienceHey! Wow!Well I've heard that a million times
But now it's payback time
Cause I've heard that a million times
But now it's payback timeWell I've heard that a million times
But now it's payback time
Cause I've heard that a million times
But now it's payback timeWell I've heard that a million times
But now it's payback time
Cause I've heard that a million times
But now it's payback time
