Detach from the Outcome

Scar Symmetry

The drug is in, invades within
The third eye is opening
Dimethyltryptamine and harmine
Natural secretions of the mindIngestion, convulsion
Enlightenment, blissAwake I dream this joyous scene
Immersed in the sacred plant
It speaks the word I haven't heard
Since before my birthEverything comes alive
I hear the voice of the stars
You must detach from the outcome
I hear the voice of the earthI reflect, just imitate
The one inside the mirror
A gentle touch, then a rush
When I step inside the glassColliding, dissolving
Remembering, blissEverything comes alive
I hear the voice of the stars
You must detach from the outcome
I hear a voice everywhereColliding, dissolving
Enlightenment, blissI hear the voice of the sun
I hear the voice of the stars
I hear the voice of the earth
I hear a voice everywhere
