

# Detach from the Outcome

## Scar Symmetry

The drug is in, invades within  
The third eye is opening  
Dimethyltryptamine and harmine  
Natural secretions of the mind Ingestion, convulsion  
Enlightenment, bliss Awake I dream this joyous scene  
Immersed in the sacred plant  
It speaks the word I haven't heard  
Since before my birth Everything comes alive  
I hear the voice of the stars  
You must detach from the outcome  
I hear the voice of the earth I reflect, just imitate  
The one inside the mirror  
A gentle touch, then a rush  
When I step inside the glass Colliding, dissolving  
Remembering, bliss Everything comes alive  
I hear the voice of the stars  
You must detach from the outcome  
I hear a voice everywhere Colliding, dissolving  
Enlightenment, bliss I hear the voice of the sun  
I hear the voice of the stars  
I hear the voice of the earth  
I hear a voice everywhere
