Methanol

Izzy Stradlin

Check your points ignition timing countdown pressure
Thirty-four pounds when it's cold
Add more and torque it to its max select
Your drive position light a cigarette
And put the lights on bright and then goMethanolFill with gas and let me check your oil and wipe your
Window shield top off your water's
Boilin grab a drink to go
Empty out your ashtray
And hang your loaded dice up
On your rearview mirror and then goMethanol
Yeah I got about another lap I'm gonna get him
He's leanin' over gonna hit the wall a-spinnin'
He's rollin' over into the corner I'm smellin' smoke
I think he's burnin' up his motor I pass him up
'Cause I drove a little smoother
