

Crying, Laughing, Loving, Lying

Olivia Newton-John

Crying, crying, never did nobody no good, no how
That's why I don't cry
That's why I don't cry Laughing, laughing, sometimes does somebody
Some good somehow
That's why I, I'm laughing now
That's why I, I'm laughing now Loving, loving never did me no good no how, no how
That's why I can't love you now
That's why I can't love you now Lying, lying never did nobody no good no how, no how
So why am I lying now?
So why am I lying now?
So why am I lying now?
