Follow Me

The Coathangers

I chase round down there
I chase you down until you're dead
But just follow the road
You can see how I can go.Like an option you know
I hate it acted, started the cold
But just follow the beat
He don't wanna get f*ck with the beat no.She surrounds my bed,
She's so down until you're there
But just follow the road
You wanna see how low I can go.
Well I'll be getting, a lot to know
He gotta follow me, follow me, follow me no
Take my lead, you take a lead
He got me ., he gotta know
He gotta follow me, follow me, follow me no.
Take my lead, you take a lead.She surrounds my bed,
She's so down until you're there
But just follow the road
You wanna see how low I can go.Who lying???
Hate it every??
Just follow the beat
He got no one to follow the beat, no.
Well I'll be getting, a lot to know
He gotta follow me, follow me, follow me no
Take my lead, you take a lead
He got me ., he gotta know
He gotta follow me, follow me, follow me no.
Take my lead, you take a lead.Who loves the kiss from hell
And every . I can take this .
You just follow the road
But long to see how long you can goWell I'll be getting, a lot to know
He gotta follow me, follow me, follow me no
Take my lead, you take a lead
He got me ., he gotta know
He gotta follow me, follow me, follow me no.
Take my lead, you take a lead.
