

Endless Highway

Kottonmouth Kings

Livin life on the endless highway lost miles in between- if we never saw the world
Tomorrow we'd go out smokin green- you cant sell it if you never bought it there's a price to
Chase this dream- livin life on the endless highway lost miles in between[d:] hey yo richter

[jr:] hey yo whaddup d

[d:] for the past 6 years our life's been kinda crazy

[jr:] travelin' overseas seein shit we wouldn't see

[jr:] you know a stoner mind like mine can't remember every city

[d:] well you know I'm with you homie and you know I got love

[d:] for everybody at our shows, from the clubs to the pubs

[jr:] blazin' dubs outta bubs, we be tight like a glove

[d:] like the smoke from our pipes

[d/jr:] we gonna rise aboveLivin life on the endless highway lost miles in between- if we never saw the world
tomorrow

We'd go out smokin green- you cant sell it if you never bought it there's a price to chase this
Dream- livin life on the endless highway lost miles in between[jr:] in the back of the back of the

[d:] back of the back of the bus

[jr:] on this never-ending journey, gettin searched by the fuzz

[d:] gettin rushed out my bunk at nine-thirty in the mornin'

[x:] wake up, grab your stash, break the bong, and hide your doja

[jr:] kept composure with the po-po's, our driver was on no-doze

[jr:] we was movin slow on the side of the road

[d:] and on the side of the road was more highway patrol's

[d:] got the k-9 units, man this shit's no joke

[jr:] so we called up high times for some legal advice

[jr:] cause if we miss the show tonight, you know there's gonna be fights

[d:] it's gonna get a little rowdy if the kings don't play

[jr/x/d:] another price you gotta pay on this
