You've Got Me

[Steven Curtis Chapman](#)

One day you've got me laughing ,one day you've got me crying
One day you've got me thinking, I'm going out of my mind
But one thing is true, the one thing that never changes
Is that you've always got meOn a Monday, on a Tuesday, on a Wednesday
All the way around 'til Sunday, you've always got me
On the good days and the bad days and the mad days
The happy and the sad days, you've got me every day of my lifeOne night you've got candles burning, one night
Your head is aching, most night you've got several hundred things
Still on your list to get to get done, one thing stays true
One thing that you can know for certain is that you've always got meOn a Monday, on a Tuesday, on a
Wednesday
All the way up to Sunday, you've always got me
On the good days and the bad days and the mad days
The happy and the sad days, you've got me every day of my lifeYou've always got me, you've always got me
by your side
You've always got me, every single day of my life
You've always got me, you've always got me by your side
You've always got meOne thing stays true, one thing that you can know
For certain is that you've always got me
