Sky's the Limit

Bomfunk MC's

Sky's the limit and you know that you keep on,
Just keep on pressing on (?)Radical ones, jump over the eye
To tell me about my roots and talking you behind
They'll wanna call new testers each and every time
But you stand on the edge
It's my favourite waste of time
Create something new hypocrites must get back
Cause what we come together it's atomic attack
So let it be known for each and everyone
Sky's the limit, and we've only just begunSky's the limit and you know that you keep on,
Just keep on pressing on (?)From all of the chances in a world
You gave me this one which is the most yearn
I appreciate the trust but when'd you concern
That when we get together we might get burnedI know we storm the stage, and you rock the spot
But some might say this is not rock
So what you've got in store for the radical ones?
Explain yourself - mr.bomfunkSky's the limit and you know that you keep on,
Just keep on pressing on (?)To create something new hypocrites must get back
'cause what we come together is atomic attack
So let it be known for each and everyone
Sky's the limit, and we've only just begunSky's the limit and you know that you keep on,
Just keep on pressing on (?)
