Jealous Lover

ABC

To all of those who had their doubts
Now those doubts, I forgive them
To everyone whos led one life
Then love life, its humble rhythmTo all of those who harbor dreams
All you get is what youre given
Meanwhile the maximum
Maximum goes downRight from the start I knew youd break my heart
Jealous lover, jealous lover
Rope tied and bound, Ive been lost and found
Jealous lover, jealous loverJealous of my loving, jealous of my leaving
Jealous
Jealous of my living, jealous of my breathing
Jealous lover, jealous loverIf all they say and do were true
Just like you, Id be with em
But lies survive and cut right through
While the truth remains forbiddenFor every single point of view
Then theres two that must be hidden
Meantime the maximum
Maximum goes downRight from the start I knew youd break my heart
Jealous lover, jealous lover
Rope tied and bound, Ive been lost and found
Jealous lover, jealous loverJealous of my loving, jealous of my leaving
Jealous
Jealous of my living, jealous of my breathing
Jealous lover, theres no otherMeantime the maximum
Maximum
Nothing more and nothing less
Grip tight the maximumThe maximum
You say no, I say yes
Dont be, dont be, dont be
Jealous lover, jealous lover
