

Speed Up (My Hero Academia Rap)

GameboyJones

Keep it serious don't give me sass
Look into my frames and I can see you clearly through the glass (yeah)
I'm the rep when I walk into class
Please excuse me but I'm 'bout to go and hit the gas
Iida imma speed up when I beat 'em
Eager follow me bruh I'm a leader
Speeder going to fast I'm a dreamer
Imagine me when I'm a senior
Doing this all for my family I am the man to beat
In this academy break it down like it's anatomy
That's my mentality growing just check my vitality
Speed it up speed it up speed it up ooh
Told you that I got the moves look at my calves and my shoes
Stain on my record but understand I never lose
Do it every day another conquest
Put me in a race no contest
Told me I'm a kid ain't your time yet
Blowing up soon that's a bomb threat

Better catch up on the cardio
Hit the books I don't got no time for parties bro
Training hard gonna beat all of these mighty foes
I'm the fastest but my fastest even feels too slow
Speed up I just need to speed up
Lacing up my sneakers
I just need to speed up speed up
Speed up I just need to speed up
Lacing up my sneakers
I just need to speed up speed up

Tenya Iida always spitting facts
Running circles on the competition like I took a lap
Burning rubber when I take a sprint because I rip these tracks
And that's so amazing 'cause I haven't even hit my max
Put 'em in they place
Ain't nobody talking when I run up in they face
Gotta get a move on I don't need to pace
'Cause I wanna be the best and I'm a runner in the race (mm yeah)
What you do next (mm yeah)

Pulled up and flex (mm yeah)
Don't break a sweat (mm yeah)
Gotta go jet (mm yeah)
Start up my engine you wanna compete then I'll win by a landslide
I learned my own lesson that vengeance is stupid
A hero should learn how to hold pride
Happened too quick that my mind is just moving too fast like a predator cheetah
Making my brother proud and my whole family legacy we are the Iidas

Better catch up on that cardio
Hit the books I don't got time for parties bro
Training hard gonna beat all of these mighty foes
I'm the fastest but my fastest even feels too slow
Speed up I just need to speed up
Lacing up my sneakers
I just need to speed up speed up
Speed up I just need to speed up
Lacing up my sneakers
I just need to speed up speed up
(Speed up I just need to speed up)
(lacing up my sneakers)
(I just need to speed up speed up)
(Speed up I just need to speed up)
(Lacing up my sneakers)
(I just need to speed up speed up)
