

Denise, Donâ€™t Wanna See You Cry

Night Moves

Start

TonightSometimes - I need a little??? imagine to call me up, late at nine-sign???

And the feelings that I'm wanting to be gone - just sometimesBut Denise I, Denise don't wanna see you cry
Oh Denise I want to??? blend into your head tonight??? (I know that this isn't correct, but it's the closest thing I
can make out)

Oh Denise would you love me, would you love me?Sometimes I wait around just to be there at night??? there
inside???

And the feelings that I'm starting to unreel, changed my mind

Well I'm a fool if I never give

But Denise, Denise don't wanna see you cry

Oh Denise, do you plan to attend tonight?

Oh Denise, would you love me, would you love me tonight?

End
