Got 2 Let U

The Knife

Fuu!
I got to got to let you down
But in an hour I will change my mind.
I got to got to let you down
But in an hour I will change my mind.

It is like magic to me
Making mistakes and be forgiven
Easily.
It is like magic to me
Making mistakes an be forgiven
Easily (easily).

Fuu!
I know she lets me down
But just for a short while then
She changes her mind.
I know she lets me down
But just for a short while then
She changes her mind.

She does it all the time
Making mistakes and then I
Ease her mind.

She does it all the time
But she's so pretty and I
Don't mind

Got to let you down, got to let you down.
I got to let you down, got to let you down.

She does it all the time
Making mistakes and then I
Ease her mind.

She does it all the time
But she's so pretty and I
Don't mind.

She does it all the time
Making mistakes and I
Ease her mind

She does it all the time
But she's so pretty and I
Don't mind.
