Soul Expression

Souleye

Verse
I call forth the Metaphor of a Dragon
The Phoenix rising A Queen playing a violin
On the sands of Pangaea
And she was talking with the Pharaoh Akhenaten
They watched the sun set down on the read clay
It penetrated then expanded their DNA
Then fast forward to flash floods
Then comes influenza the influence of societyVerse
Unable to handle the power of what Chaos is
Afraid of our own Shadow Can we handle it
And when we do truly finally embrace
Humanity's Grace The home to the holiest place
Allow your dreams to be the path way
For the Soul will follow its only natural
Verse
Don't be confused by the news how it's setting us up
Their feeding us with violence
Violating our boundaries the calls been placed
With the hands of God we digging down in the depths of The darkness and as I wonder what harmony
Really feels like is it God like is it all right
And why would I want to sabotage I've got a shield Made of physical flesh my hearts wide open
Verse
Imagine living in a world
Where looking at a casket
Is a celebration Not just fear of death
A holy reunion Emancipation
And as the clock keeps ticking
