

# Deliver Us from Evil (Main Version)

## Bullet for My Valentine

What's happening to me  
I'm dying from the inside  
Body hurts too much to feel  
And pressure adds to pain  
Deliver us from evil  
Straying out of sanity Why can't you let me be?  
Is nothing else important?  
Does my mind mean more to you?  
'Cause if I carry on  
Deliver us from evil  
Screaming for your vanity Will darkness turn to light?  
Will darkness turn to light?  
Can someone wake me from this nightmare? Here we go  
Here we go The tank is empty; let it dry  
I'm suffering, a passion ending  
So the world ceases turning  
The tank is empty; let it dry So now I hope you see  
I'm nothing more than human  
Making plans for enemies  
But here we go again  
Deliver us from evil  
Crawling back to insanity Will darkness turn to light?  
Will darkness turn to light?  
Can someone wake me from this nightmare? Here we go  
Here we go The tank is empty; let it dry  
I'm suffering, a passion ending  
So the world ceases turning  
The tank is empty; let it dry  
I'm suffering, a passion ending  
So the world ceases turning  
The tank is empty; let it dry  
I'm suffering What's happening to me  
I'm dying from the inside  
Body hurts too much to feel  
And pressure adds to pain  
Deliver us from evil  
Through evil  
Pressure adds to pain  
We're evil

We're evil  
We're evilWill darkness turn to light?  
Will darkness turn to light?  
Can someone wake me from this nightmare?Here we go  
Here we goThe tank is empty; let it dry  
I'm sufferingThe tank is empty; let it dry  
I'm suffering  
A passion ending so the world ceases turning  
A passion ending so the world ceases turning
