

# Autumn Leaves

## Johnny Mercer

Another day another life  
Passes by just like mine  
It's not complicated  
Another mind  
Another soul  
Another body to grow old  
It's not complicated  
Do you ever wonder if the stars shine out for you?  
    Float down  
    Like autumn leaves  
    And Hush now  
    Close your eyes before the sleep  
    And you're miles away  
And yesterday you were here with me  
    Another tear  
    Another cry  
    Another place for us to die  
    Its not complicated  
Another life that's gone to waste  
Another light lost from your face  
    It's complicated

Is it that it's over or do birds still sing for you?  
    Float down  
    Like autumn leaves  
    And Hush now  
    Close your eyes before the sleep  
    And you're miles away  
And yesterday you were here with me  
    Ooh how I miss you  
My symphony played the song that carried you out  
    And Ooh how I miss you  
    And I miss you and I wish you'd stay  
Do you ever wonder if the stars shine out for you?  
    Float down  
    Like autumn leaves  
    And Hush now  
    Close your eyes before the sleep  
    And you're miles away

And yesterday you were here with me  
Mhhh, mhh, mhhh, mhhh,mhhh,mho  
Touch down  
Like a seven four seven  
Stay out and we'll live forever now
