

# Helpless When She Smiles

## Backstreet Boys

She keeps her secrets  
In her eyes  
She wraps the truth  
Inside her lies  
Just when I can't say  
What she's done to me  
She comes to me  
And leads me back to paradise  
She's so hard to hold  
But I can't let go[Chorus]  
I'm a house of cards  
In a hurricane  
A reckless ride  
In the pouring rain  
She cuts me and the pain  
Is all I wanna feel  
She tears away just like a child  
She drives me crazy  
Drives me wild  
But I'm helpless when she smiles  
Oh when she smiles  
Maybe I'd fight if I could  
It hurts so bad  
But feels so good  
She opens up just like  
A rose to me  
When she's close to me  
Anything she'd ask me to  
I would  
It's out of control  
But I can't let go[Chorus]  
When she looks at me  
I get so weak[Chorus]
