

# Garden of Knives

[Matthew Good](#)

My love screams, yeah I like the second half  
All in between honeycomb legs I'll break your back  
The more that you want it the more that you take it  
The more that you want it the more that you break it No matter where we are  
I'll let you know  
No matter where the sun strikes us  
Knives will grow Hear them horses come to mow the road  
Feel the air burning like your lungs could just explode  
The more that you want it the more that you take it  
The more that you want it the more that you break it  
No matter where we are  
I'll let you know  
No matter where the sun strikes us  
Knives will grow
