

Wild Pack of Family Dogs (live)

Modest Mouse

A wild pack of family dogs came runnin' through the yard one day
My father got his gun, shot it up, they ran away OK
A wild pack of family dogs came runnin' through the yard
And as my own dog ran away with them, I didn't say much of anything at all
A wild pack of family dogs came runnin' through the yard
As my little sister played, the dogs took her away
And I guess she was eaten up OK, yeah she was eaten up OK
My mother cryin' blood dust now My dad he quit his job today, well I guess he was fired but that? OK
And I sittin' outside my mud lake, waiting for the pack to take me away
And right after I die the dogs start floating up towards the glowing sky
Now they?l receive their rewards, now they will receive their rewards
