After You've Gone

Toto

You're just a mile away
One thousand five tiny steps from here
But if I brought you near
Would you believe when I sayIt seems like yesterday
That I could reach out and touch your face
But as I fall from grace
Into whose arms can I layIt's always much too late
We get the signs

We can't communicate

Or turn back timeSo what will be now, do you feel somehow Not so together and not quite as strong

Now I believe

Alone doesn't have to mean lonely, after you've goneI need a healing wind

To cool the flame burning in my sight

It must accelerate

For two wrongs they don't make a rightAnd all these solitaires

Lone victories

Wars fought in isolation

With none to pleaseSo what will be now, do you feel somehow Not so together and not quite as strong

Now I believe

Alone doesn't have to mean lonely, after you've goneThe future's still uncertain
The past is doneSo what will be now, do you feel somehow
Not so together and not quite as strong

Now I believe

Alone doesn't have to mean lonely, after you've goneNow I believe Alone doesn't have to mean lonely, after you've goneNow I believe Alone doesn't have to mean lonely, after you've gone
