Trapped
Inside
Torn

Cry
Inside
The night
Trampled
Takes
Over
The mindBlood OceanThe land's coagulated
And my mind's incarcerated
But my helmet's ventilated
With the souls correlated
Though my father's fascinated
With the premises negated
And the night will be berated
With the souls of the deflatedBleed, bleed, bleed, bleed
Bleed, bleed, bleed, bleedBlood OceanBleed, bleed, bleed, bleed
Bleed, bleed, bleed, bleed
Blood OceanThe land's coagulated
And my mind's incarcerated
But my helmet's ventilated
With the souls correlated
Though my father's fascinated
With the premises negated
And the night will be berated
With the souls of the deflated
You are gonna lose your mind
Tonight...In oceans...of blood
You are gonna drown and die
Tonight...In oceans...In oceans...In oceans...In oceans ofCrack the smile
Free the fight
Dog fights
Space and timeBlood OceanTake towards
Steal the time

The SpiteBlood OceanIdentity is faded
And my medicate is grated
But my head has now been crated
For my death is all a nature
And it's simply all a treat
And this creature grate is hated
And I know that he is faded
On the tip of vegetatedYou are gonna lose your mind
Tonight... In oceans... of blood
You are gonna drown and die
Tonight... In oceans... In oceans... In oceans... In oceans ofBlood Ocean
