

Something More Beautiful

Beth Orton

Something more beautiful, something more beautiful
I want something more, something more beautiful
I need something more, something more beautiful, I want something more
I want something more from you, boy
You want us to be friends, I'll be losing again
Don't you know what I want from you, baby?
Something more beautiful Oh, baby, you got me, you got me wrapped around you
Anything you would say would make me go insane
'Cuz I think about us all the time
I'd love you forever if you were mine, oh, oh, I, I want something more
I want something more from you, boy
You want us to be friends, I'll be losing again
Don't you know what I want from you, baby?
Something more beautiful Oh, baby, you know it, you've got to make your mind up
Why don't you just tell me what you are waiting for?
'Cuz I think about us all the time
I'd love you forever if you were mine, oh, oh, I, I want something more
I want something more from you, boy
You want us to be friends, I'll be losing again
Don't you know what I want from you, baby?
Something more beautiful, I want something more
I want something more from you, boy
You want us to be friends, I'll be losing again
Don't you know what I want from you, baby?
Something more beautiful Ooh, I want us to be more than friends
My love for you would never end
If only you believed, baby, can't you see?
It's got to be you and me, I, I want something more
I want something more from you, boy
You want us to be friends, I'll be losing again
Don't you know what I want from you, baby?
Something more beautiful, I want something more
I want something more from you, boy
You want us to be friends, I'll be losing again
Don't you know what I want from you, baby?
Something more beautiful
