

# High Priestess

## Uriah Heep

You, who brought the sunshine to my eyes  
You, who wondered through my sad disguise  
And I have a love that cannot die  
For you High priestess of my heart  
Tell me that we won't part Then let's get together in the sky  
Leave the lonely world to wonder why  
For we have a love they can't deny  
So true High priestess of my heart  
Tell me that we won't part
