

# Workin On It

Andy Grammer

You know we're just working on it  
Don't need a bar, keeping score  
Long as you woke up this morning  
And see you're working on it  
It might be taking forever, but it's better than never  
Smoking two packs a day, down to one  
It don't sound like much, but for him, that's a revelation  
You shoulda seen the pride in his eyes  
When he said how far he's come from where he was, and like  
Oh yeah, I get it, it's alright  
We all got our monsters that don't see the day light  
I'm like, oh yeah, I get it, it's alright  
Skeletons you're hiding ain't gon' leave overnight  
You know we're just working on it  
Don't need a bar, keeping score  
Long as you woke up this morning  
And see you're working on it  
It might be taking forever  
But it's better than never  
So go easy, easy  
Everybody got ugly, ugly  
You know we're just working on it  
We're working on it, working on it  
Last night, you left the bar all alone  
First time in a while you slept at home  
And now you're back to chasing that watered-down love  
You already know that ain't what you want, like  
Oh yeah, I get it, it's alright  
We all got our monsters that don't see the day light  
I'm like, oh yeah, I get it, it's alright  
Skeletons you're hiding ain't gon' leave overnight  
You know we're just working on it  
Don't need a bar, keeping score  
Long as you woke up this morning  
And see you're working on it  
It might be taking forever  
But it's better than never  
So go easy, easy  
Everybody got ugly, ugly  
You know we're just working on it  
We're working on it, working on it  
You know we're just working on it  
We're working on it, working on it  
Put a magnifying glass to my life  
Believe me, you will find some shit your eyes shouldn't see

It's all here, let's be clear, we're all shady  
Day by day, we fight the good fight  
Maybe once in a while, we find the strength to be okay  
And find some patience for ourselves  
Don't be so hard upon yourself  
Show some love to yourself You know we're just working on it  
Don't need a bar, keeping score  
Long as you woke up this morning  
And see you're working on it  
It might be taking forever,  
But it's better than never  
So go easy, easy  
Everybody got ugly, ugly  
You know we're just working on it  
We're working on it, working on it Go easy, easy  
Everybody got ugly, ugly  
You know we're just working on it  
We're working on it, working on it
