Advisory - the following lyrics contain explicit language:

For the ladies  
Look here girl  
I wanna be your mother, your father  
Your brother, your sister  
Your everything I think I might wife her  
You know, powder blue Rocawear suite  
White Nikes, my niggas like her  
She been with me through the grind  
Girl you put in that time like been lifers  
Got tight, use to hookey and chill  
She tight, plus she cook up a meal  
Had the hook up for real More headaches and stress 'cuz a child involved  
Its all good 'cuz our sex be my Tylenol  
Best baby doll of all  
Shit the rest of you childish broads  
Give me the sex then I'm tired of y'all  
So find the next to provide for y'all  
I got my baby girl Plus she 'bout to drop my baby girl off  
Forget about all the rumours you hear girl  
A newer life is soon to be here girl  
And can't nothin' fuck up that  
Gotta fuck with that  
Can't find a better love than that Don't stop givin' me your lovin'  
'Cuz my hearts been racin' for your lovin'  
I won't give it up for nothin'  
'Cuz there's no better love  
Girl you got me goin' crazy  
You got me thinkin' 'bout you baby  
Could you be my one and only lady  
'Cuz there's no better love Comin' up I thought Cupid was stupid  
Only two loves, my family and music  
Fallen through somethin', jus' could'nt do it

It was the beginin' of time  
And you was like nine but Goddamn you was fine  
Use to stay on my mind  
When I was out on my grind Open up the bags when I'm  
Choppin' my dimes, there in the spindell  
Stood by me from the windows  
Popped up mad shit with me and got me rentals  
Sick with the plastic, what can I say?  
Bitches hate the way I had around a lady, they  
Gossipin', watchin' him, runnin' back Moved up north, kinda fell off track  
Still my peoples though  
Love when I see you though  
Once a while, might call  
Jus' to chill, might ball  
Forever my dog  
Even when I downfall  
First in line whenever chick is envolved Don't stop givin' me your lovin'  
'Cuz my hearts been racin for your lovin'  
I won't give it up for nothin'  
'Cuz there's no better love  
Girl you got me goin' crazy  
You got me thinkin' 'bout you baby  
Could you be my one and only lady  
'Cuz there's no better love We the youngest in charge  
So leave them other scrubs  
We give you better love  
The same time its tough  
Baby I feel the same as Neef do  
Spit the game as he do  
You can take two  
Ain't no need to bring your  
People lingere see through She got it goin' on  
Oh that's can't stop, won't stop  
We got them goin' home  
We got them all alone  
Just us, nobody's wrong  
I'm ahead if you give head  
We do our jobs at the mall Every since the day I saw your face  
My mind told me  
You were the one that was down for me  
And baby when I get laced  
I'm gonna do what you want, I'll be there truely  
So don't you let a thing  
Turn you away from the love you need, my dear  
I don't wanna play

Around with you,'cuz I know I found lovin' right hereDon't stop givin' me your lovin'

'Cuz my hearts been racin' for your lovin'

I won't give it up for nothin'

'Cuz there's no better love

Girl you got me goin' crazy

You got me thinkin' 'bout you baby

Could you be my one and only lady

'Cuz there's no better loveDon't stop givin' me your lovin'

'Cuz my hearts been racin' for your lovin'

I won't give it up for nothin'

'Cuz there's no better love

Girl you got me goin' crazy

You got me thinkin' 'bout you baby

Could you be my one and only lady

'Cuz there's no better love
