School Disco

Bis

Advisory - the following lyrics contain explicit language:

It's hip and I'm square and I'm there, I don't care
To be seen to have been, to be part of a scene
And I don't give a damn, I'm not part of their plan
On my own once again, no one cares, oh, the painDown at the disco where nobody goes
We are the future that nobody knows
Burn down the cities and smash all the walls
This is our country, Bis nation won't fallThe cool boys, the cool girls got your head in a whirl
It's obscene, it's unclean, all the smut I have seen
We're so young, we're so dumb and our time's still to come
But the one place we go is down to school discoDown at the disco where nobody goes
We are the future that nobody knows
Burn down the cities and smash all the walls
This is our country, Bis nation won't fallI'm so hip, you're so square, I'm so cool, I don't even care
All the boys want me so bad but I don't care 'cause they're all so sad
In the classroom I'm just the best
And on the dance floor I just beat the rest
It's getting late, I gotta go, right on down to the school discoDown at the disco where nobody goes
We are the future that nobody knows
Burn down the cities and smash all the walls
This is our country, Bis nation won't fall
