

She (Wicked Lester)

Kiss

She walks by moonlight
No one really knows
Enchanted starlight
Never goin' home
I know she's goin' down, goin'
Everybody knows, she's so goodDoin' well for others
She doesn't really know
The powers are within her
As she takes off her clothes
I know she's goin' down, goin'
Everybody knows, she's so goodDoin' well for others
She doesn't really know
The powers are within her
As she takes off her clothes
I know she's goin' down, goin'
Everybody knows, she's so good
