

Dreaming Man

[Shakhan](#)

You believe the stars of the night will guide you through bright daylight.

Havent you seen the telescope the pentagrams are both held in

In chained hands.

In chained hands.

Youre the dreaming man, dreaming while you stand. You believe we all can be one dance together under blood
red sun havent you seen the dark cloud forms yeah dont you know, my time to warn.

Rain does come.

Rain does come.

Youre the dreaming man, dreaming while you stand. You believe in money and in wealth all ways lead to G-d
from your mouth. Havent you seen your cars got rust.

The road your on.

Is all wrong.

Youre the dreaming man, dreaming while you stand.
