

Getcha Some

Toby Keith

Well boy meets girl and it's a good bet
Girl's gonna play a little hard to get
But they both got the same thing on their minds
Ain't that the way that the world goes round
Don't it get you up get you down
It gets you walking around with a flashlight trying to find love
Ooh gotta getcha some, gotta getcha some
Gotta getcha some, ooh gotta getcha some love
Then boy sees girl with another guy
What he wouldn't give just to catch her eye
'Cause man she is so hot
But you can't compete with a superstar
He's got a big old house and little red car
And what need is the one thing you ain't got money
Ooh gotta getcha, some, gotta getcha some
Gotta getcha some, ooh gotta getcha some money
Ooh gotta getcha some, gotta getcha some
Gotta getcha some, ooh gotta getcha some, yeah
Then God smiles down from up above
The money rolls in and they fall in love
From the outside looking in it's a dream come true
But as time goes by something turns up missing
There's not enough hugging and not enough kissing
Before too long they better do what they gotta do, you know
Ooh gotta getcha some, gotta getcha some
Gotta getcha some, ooh gotta getcha some babies
Ooh gotta getcha some, gotta getcha some
Gotta getcha some, ooh gotta getcha some, yeah
You know curtain climbers and rug rats and tricycle motors
It don't matter what you call 'em you gotta have a whole house full of 'em
Ain't nothing in the world like young uns, getcha some
