## **Getcha Some**

## **Toby Keith**

Well boy meets girl and it's a good bet Girl's gonna play a little hard to get

But they both got the same thing on their mindsAin't that the way that the world goes round

Don't it get you up get you down

It gets you walking around with a flashlight trying to find loveOoh gotta getcha some, gotta getcha some Gotta getcha some, ooh gotta getcha some loveThen boy sees girl with another guy

What he wouldn't give just to catch her eye

'Cause man she is so hotBut you can't compete with a superstar

He's got a big old house and little red car

And what need is the one thing you ain't got moneyOoh gotta getcha, some, gotta getcha some Gotta getcha some, ooh gotta getcha some money

Ooh gotta getcha some, gotta getcha some

Gotta getcha some, ooh gotta getcha some, yeahThen God smiles down from up above The money rolls in and they fall in love

From the outside looking in it's a dream come trueBut as time goes by something turns up missing

There's not enough hugging and not enough kissing

Before too long they better do what they gotta do, you knowOoh gotta getcha some, gotta getcha some Gotta getcha some, ooh gotta getcha some babies

Ooh gotta getcha some, gotta getcha some

Gotta getcha some, ooh gotta getcha some, yeahYou know curtain climbers and rug rats and tricycle motors

It don't matter what you call 'em you gotta have a whole house full of 'em

Ain't nothing in the world like young uns, getcha some
