

Rockin' the Boat of Love

Jerry Lee Lewis

Rockin' the boat of love
MannStormy sea has got a hold of me
All he had to do was smile at you
You just stopped and started moving around
Rockin' the boat of loveJust a castaway, a-searching for
A beacon light upon the shore
You left me a-drift on stormy sea
Rockin' the boat of loveNever thought I'd ever feel this way
So alone and blue, always missing you
Stormy seas are driving me to drain
Now, baby don't you keep on hurtin' me
Rockin' the boat of love
