Ride

The Dandy Warhols

You're my ride
I'm out my window
It's alright
If you've got candy-o
You're so cool
And not much older
But you know how to drive
Baby, you're my ride

I slip outside
And to the corner
Roll down your drive
Before you start it
I'm no fool
Not like your father
Awake outside
Baby, you're my ride
