Cut the Crap

Plastilina Mosh

No lies, no lies, I've got to tell you
That I don't want to hear
All those feelings and things that you said
When you want me to stayI don't understand why you always turns
And make things so strange
Just to let you know that I really care
For the things that you saidI don't want to hear more bullshit
Specially from you 'cause you're so kid
Specially when you are in the mud
I can tell your really intentions
I can tell what you really want for meI don't want to hear more bullshit
If you really tell me something now
Just cut the crap if you want to late down with me
Just cut the crap if you want to tell me, "I love you"
Just cut the crap then just kiss me, just cut itEh, eh, eh, eh, eh, eh, just cut the crap
Eh, eh, eh, eh, eh, eh, just cut the crap
Eh, eh, eh, eh, eh, eh, just cut the crap
Eh, eh, eh, eh, eh, eh, just cut the crapSo tell me tell me every single thing that you want me to know
Everything that you likes and the things that you don't
Every single thing that makes you feel happy
And the words that turns you onYou know I'm not a Maria
I'm not a Houdini, I'm not a CIA agent
But I know by the way that you look at me
When you are angry or when you are hot soI don't want to hear more bullshit
Aha, aha, I don't want to hear more bullshit
Specially from you girlI don't want to hear more bullshit
If you really tell me something now
Just cut the crap if you want to late down with me
Just cut the crap if you want to tell me, "I love you"
Just cut the crap then just kiss me, just cut itI don't want to hear more bullshit
If you really tell me something now
Just cut the crap if you want to late down with me
Just cut the crap if you want to tell me, "I love you"
Just cut the crap then just kiss me, just cut itEh, eh, eh, eh, eh, eh, just cut the crap
Eh, eh, eh, eh, eh, eh, just cut the crap
