

Dull Boy

The Growlers

All work and no play makes me a dull boy..

All work and no play makes me a dull boy..

All work and no play makes me a dull boy..

ALL WORK AND NO PLAY MAKES ME A DULL BOY!!

Live in a secret

Live in a lie

Live in a dark hole

Beneath the black sky

Live like a martyr

And draw my last breath

Feel like an old man

With a knife in my chest

Live like a transient

Live like a thief

Hide in a closet

Grinding my teeth

Sit in a small room

With the walls closing in

Open the shutters

But everything's still dim

Payback

For all the things

I've done in my past

Payback

For everything

There are no take backs

I'm not the reason

It's not my fault

It's not my problem

I'm not the cause

I'm not your scapegoat

I'm not your god

I'm not your martyr

I'd leave you all

I'm not the reason (I'm not your scapegoat)

It's not my fault (I'm not your god)

It's not my problem (I'm not your martyr)

I'm not the cause (I'd leave you all)

All work and no play

Makes me a dull boy
Feel like a clown
Without my funny nose
Walk to the window
Break it out with my fist
Jump from the sill
And I'll plunge to my death

You can be selfish
Whatever ya think
Throw back my pills
And take a sip of my drink
Walk under the clouds
Walk under the trees
Always again
Envy covering me
Payback
For all the things
I've done in my past
I'm not the reason
It's not my fault
It's not my problem
I'm not the cause
I'm not your scapegoat
I'm not your god
I'm not your martyr
I'd leave you all
I'm not the reason (I'm not your scapegoat)
It's not my fault (I'm not your god)
It's not my problem (I'm not your martyr)
I'm not the cause (I'd leave you all)
Sunshine's gone
It's all gone
By the way
Just so you know
Always
This is how I feel
By the way
Just so you know
Always, everyday
This is how I feel
I'm not the reason
It's not my fault
It's not my problem
I'm not the cause

I'm not your scape goat (I'm not your scape goat)

I'm not your god (I'm not your god)

I'm not your martyr (I'm not your martyr)

This is how I feel (This is how I feel)

By the way

Just so you know

Always, everyday

This is how I feel...
