

Carved Inside

Soulfly

[Incomprehensible]Carved inside, carved outside
Scream at the sky, forever fight
My peace of mind, I got to find
True peace of mind, so hard to findNow
I feel your soul inside
Now
Carved insideThey try to bring us down
We're growing all around
Inside you must be free
To find your destinyLose yourself
Find yourself
Nothing to prove
To nobody elseNow
Feel your soul inside
Now
Carved insideMy life is mine
My right is mine
Your eyes petrified
Fire from insideCarved inside, carved outside
Feel your soul glow, in the sky
Let your soul now, move the world now
Feel your soul now, let your soulflyYou must change from
Inside out
You fall, we rise
Inside outYou must change from
Inside out
You fall, we rise
Inside out
