Let It Burn

Ignite

I'm thinking it through
I'm thinking of you
Try to remind myself to move
The nightmare unfolds
Should have never let her go
Alone in this empty room
Let it burnI'm thinking of you
I'm thinking it through
I try to remind myself to move
I wait by the phone
You're never coming homeLet it burn, let it bleed
Let it go that Sunday morning
I don't understand
Just give her one more chance
May angels keep her safe tonight
'cause I'm doing all I can
Let it burnIt was a cold winter's day
The streets were wet with rain
Another drink, one for the ride
He turned the key
And started to drive
I wish I never let her go
I wish I could just push rewind
So young and so aliveLet it burn, let it bleed
Let it go that Sunday morning
I don't understand
Just give her one more chance
May angels keep her safe tonight
'cause I'm doing all I can
Let it burnLet it burn, let it bleed
But this time I pierced my heart
Beneath my skin
Let it burn, let it bleed
What a price, life torn apart
From one man's sinI don't understand
Just give us one more chance
I see you in my dreams tonight
'cause I'm doing all I can
Let it burn
