# Grinding My Life Away

## Against All Authority

Advisory - the following lyrics contain explicit language:

Flesh peelin'
Soul stealin'
It's taking everything I've got
Not to crack right through your skull
Have my fill
Leave you to rot
As we roll through the night
Casting shadows
Taking bites
Out of a city that's dead as us.We feed tonight
(we feed tonight)
We feed tonight
(we feed tonight)
We feed tonight
We feed tonight
I hold you down and I take a bite
Don't try to fight it
It's an urge i must obey
(grinding my life away)
Grinding my life away
(grinding my life away)
Grinding my life away
(grinding my life away)
Grinding my life away
(grinding my life away)Blood streaming
Wheels screaming
Trucks bark like the hounds of hell
And i can smell your fear
As we smear whats in you
On these city walls
I watch you crawl
I hear you draw your last breath

I taste the pus
In the city that is dead as us
It's as dead as usWe feed tonight
(we feed tonight)
We feed tonight
(we feed tonight)
We feed tonight
We feed tonight
I hold you down and I take a bite
Don't try to fight it
It's an urge I must obey
(grinding my life away)
Grinding my life away
(grinding my life away)
Grinding my life away
(grinding my life away)
Grinding my life away
(grinding my life away)We disturb
Destroying curbs
These boneless ones will never stray
We feast upon the fallen
And we feel ourselves decay
As we roll through the night
Casting shadows taking bites
Out of a city that is dead as usWe feed tonight
(we feed tonight)
We feed tonight
(we feed tonight)
We feed tonight
We feed tonight
I hold you down and I take a bite
Don't try to fight it
It's an urge I must obey
(grinding my life away)
Grinding my life away
(grinding my life away)
Grinding my life away
(grinding my life away)
Grinding my life away
(grinding my life away)
